

SDTA Members

Due to the Covid-19 Pandemic the SDTA Credentials Committee has reviewed the SDTA Continuing Education Guidelines. The SDTA Council acknowledges the difficulties of members to acquire in-person continuing education credits during this time. Therefore the following decision has been made by the SDTA Council.

For individual participation in online continuing education the restriction of 15 credits per 3 year reporting period has been suspended. Members may apply for unlimited amounts of online CE credits until December 31, 2020.

Various links to online continuing education can be found on the [professional development page](#) of the [SDTA Website](#). If members would like to contribute by sharing links to the professional development page they can contact me or any council member. If members have difficulty complying with their continuing education requirements they are asked to contact me. Inquiries will be handled on a case-by-case basis.

COVID-19 - We encourage members to check the [SDTA website](#) and [CDSS website](#) frequently and familiarize yourself with new information as it emerges. We (Glenda Burnouf and I), the College of Dental Surgeons, Saskatchewan Dental Hygienists' Association and the Saskatchewan Dental Assistants' Association have been meeting online regularly during this time. The SDTA has also been meeting online regularly with the Ministry of Health and the other regulated health professions in the province.

I am working from home until further notice. I will be checking the telephone messages; however, the preferred communications is via email. I will be picking up the regular mail and faxes once per week. I anticipate I will be able to address most members needs and concerns without being in the office regularly.

I hope everyone is finding ways to stay busy, positive and safe. Take care.

Cindy G. Reed SDT
Executive Director
Saskatchewan Dental Therapists Association
