

# Indigenous Services Canada is hiring COVID-19 Immunizers!

Health professional? Tired of staying home? Looking for a change of pace and scenery?

Health professionals are essential to COVID-19 vaccine roll-out in First Nations communities across Canada.

Indigenous Services Canada is looking for health professionals licensed to practice to administer COVID-19 vaccinations in the following Canadian provinces: AB, SK, MB, ON, NB, NS, NF, PE.

Requirements:

- Regulated health professional with scope of practice to immunize within your Canadian jurisdiction of practice

Assets:

- Experience working in vaccinations clinics
- Experience working with Indigenous communities

Salary range: varied based on profession

Job start and end dates vary by location and requirement on a casual or casual as and when basis positions for up to 90 working days within a calendar year. This inventory may be used for future vacancies.

For this position, immunizers would be expected to work multiple (up to seven) consecutive days for the duration of the immunization clinic.

Transportation and accommodation will be organized and paid for by Indigenous Services Canada.

Don't miss this opportunity to participate in the COVID-19 vaccine roll out! Working for Indigenous Services Canada will help you sharpen your skills and see more of the country.
